Patient Financial Agreement

- As a courtesy, we will be happy to bill your current insurance and co-insurance for services; however, all charges, regardless of insurance or insurance coverage are the patient's responsibility. Our clinic contracts with most insurance companies. It is your responsibility to contact your insurance company prior to services to investigate in-network eligibility. Signing this document gives us permission to bill your insurance company for services you receive.
- It is important to remember that your individual contract with your insurance company determines co-pays, deductibles, etc. and how your insurance will pay for covered services. We make every effort to bill each visit with the proper diagnosis and procedure codes per national billing and coding guidelines as well as requirements for each insurance company. Please understand that we cannot make exceptions to our coding practices due to federal and state legal compliance concerns, and we are unable to bill for services other than those documented in your medical records in our clinic.
- Health insurance is required prior to services being rendered. If no health insurance information is provided at the time of service, you may be denied services until your insurance information can be documented or you may opt to pay out-of-pocket for services. It is your responsibility to ensure that insurance information is up-to-date and in effect. If Insurance information provided to our clinic at the time of service is, at any time, found to be incorrect or not in effect, you will be billed for any services provided.
- You may opt at any time to pay out-of-pocket rates for services that are typically billed to insurance. Charges for services not covered by insurance are due at the time of service. If you have a question if services are covered or not, please ask prior to the administration of the service.
- It is important to strictly enforce this policy of financial obligation. All co-pay, self-pay, and other payments are due at the time of service and may be paid by cash, check, credit, or debit card. We will assess a \$25 fee for returned checks due to insufficient funds. We also offer financing through several institutions. Please ask for more information about financing.
- Fees may be assessed for no-shows and cancellation of appointments without 24 hours prior notice for any office visit. These fees are the responsibility of the patient and cannot be filed with your insurance company. Cancellation messages may be left on the company answering machine for your convenience but must be 24 hours in advance of scheduled appointment time to avoid fees.
- All charges are due within 30 days of invoice date. Second notices will be sent if not paid on due date. All charges not paid within 90 days will be processed by our collection agency.
